About Me

I am a Computer Games Design graduate from the University of Gloucestershire. A motivated and driven personality with the firm understanding of 3D art and enjoys working within a team. I enjoy improving my skills to greater enhance the quality of work for the team. I can communicate clearly and to the point when required. It has been said that the work I have created is to a good standard and I hope that I can demonstrate the quality of work in this role.

Education

BSc Hons: Computer Games Design - 2:1

In second year, I volunteered for the Pittville Patrol scheme. This scheme ensured the safety of students when they were walking home from nights out. In the final year of university, I was a member of a team of 4 who worked on party game. I was one of the 3D artists and video editor, these experiences improved my communication, teamwork and problem solving.

A-Levels

Workplace Skills

Teamwork - I am effective when working in teams in projects and in other fields, I believe that the quality of work is improved when working within a team.

Communication - Working in different environments allowed me to convey information confidently and clearly when needed.

Problem Solving - With my experience in different fields, it allows me to approach problems from different perspectives.

Work Experience

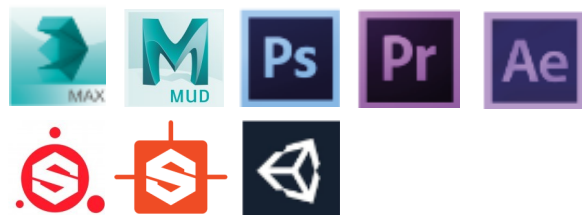

Brown Bears Café Jul 2019 - Present

Food cooked to order, to the highest standard following all hygiene and safety procedures. I have honed my skills in being calm under pressure as I dealt with multiple orders at the same time. Communicating clearly as I had to convey information quickly to the rest of the team, also I am adaptable and organised.

Overhang Promotion Oct 2016 - Jun 2018

Assisted in the promotion of a natural drink. Engaged with customers to entice them to taste the drink and engaged with them in order to gain constructive feedback. This has allowed me to develop my communication skills and customer service skills.
